AI Marketing Agent Team

16 agents · 43 skills · Complete professional marketing team

YOU — the customer

Type goal · Review · Approve

↓

Orchestrator

Reads goal · Plans sequence · Routes agents · Single or full workflow

↓

LAYER 1 — FOUNDATION **Who you are · What you remember**

Brand foundation agent
Extracts voice, tone, vocabulary. Defines ICP, pain points, positioning, USP. Writes master file all agents read from.

brand-voice · audience-profile · positioning · USP-definition

Research agent
Live market data, competitor intelligence, keyword gaps, trend monitoring. Feeds all agents.

market-research · competitor-analysis · trend-monitoring · Perplexity API · Firecrawl MCP · Playw

Writes to: /profiles/ · /research/

↓

LAYER 2 — STRATEGY **What to build · When · For whom**

Strategy agent
Go-to-market plan, 90-day content calendar, campaign brief, lead magnet concepts, offer positioning.

campaign-planning · content-calendar · lead-magnet · campaign-brief · offer-position

CRO agent
Audits pages, rewrites CTAs, builds A/B tests, writes conversion copy. Every output scored with reasoning.

lp-builder · cta-optimization · ab-test-setup · page-audit · sales-page

Writes to: /strategy/

↓

LAYER 3 — EXECUTION **8 agents · Build every marketing asset**

Content agent
Blog posts, case studies, website copy, thought leadership. Ogilvy method. Self-scores output.

blog-writer · case-study-writer · website-copy · conten

SEO agent
On-page, technical audit, local SEO, schema markup, keyword mapping. SMB search visibility.

on-page-seo · local-seo · schema-markup · technical-

Email agent
Welcome, nurture, promo, re-engagement sequences. Schwartz awareness levels baked in.

email-sequence · newsletter · subject-line-ab · re-engagement

Social media agent
LinkedIn, Instagram, Facebook, X, TikTok. Format tuned per platform. Hashtag strategy.

social-copy · social-creative · hashtag-research · socia

Ads agent
Meta, Google, LinkedIn ad copy. 5-10 variants per concept. Audience targeting included.

ad-creative · ad-copy · audience-targeting · Meta Ads

Video & creative agent
Reels, YouTube, TikTok scripts. Creative briefs. Branded decks. Connects to Glif for assets.

video-script · creative-brief · branded-deck · Glif MCP

Cold outreach agent
Cold email, LinkedIn DMs, 5-touch follow-up sequences. Personalization frameworks.

cold-email · linkedin-dm · follow-up-sequence · objecti

Sales enablement agent
Sales pages, business proposals, objection guides, case studies. Halbert principles.

sales-page · proposal-writer · case-study · testimonial-framework

Writes to: /assets/

↓

DISTRIBUTION **1 input → 16 outputs → 8 platforms**

Distribution agent
Takes any approved content and atomizes it. One blog post becomes LinkedIn posts, Instagram carousels, email sections, Twitter threads, ad copy, YouTube scripts, press releases, TikTok scripts — formatted natively for each platform.

content-atomizer · platform-formatter · press-release · podcast-pitch · partnership-brief

Writes to: /distribution/

↓

Human review checkpoint

YOU approve before anything ships

↓

LAYER 4 — FEEDBACK **System learns · Rewrites its own foundations**

Performance agent
Reads campaign results, open rates, conversions. Weekly and monthly reports. Finds what worked and what didn't.

campaign-report · weekly-report · roi-calculator · data-visualization · GA4 API · Me

Feedback agent
Takes performance data and rewrites /profiles/brand.md. Updates audience, sharpens messaging. Every run the system gets smarter.

audience-update · messaging-refinement · positioning-evolution · monthly-review

Writes to: /performance/ · Updates /profiles/ → triggers Layer 1 refresh

■ Layer 4 feeds learning back to Layer 1 — every run the system gets smarter. Month 6 output is fundamentally better than Month 1.

16 agents · 43 skills · APIs: Perplexity · Firecrawl · DataForSEO · Semrush · Meta · Google Ads · GA4 · MCPs: Playwright · Glif · 1 orchestrator
