Vibe AI Labs

COMMUNITY & EVENTS

Bring your AI project to Vietnam's builders.

A ready community. Hands-on events.
Vietnamese content. Clear reporting.

Vibe AI Community & Events · 2026

ABOUT VIBE AI LABS

Marketing × AI × Creative, under one roof.

An AI-powered growth & creative agency in Ho Chi Minh City. We build AI agents for our own clients, so we understand AI products from the inside, not just from the stage.

Digital Marketing

Strategy, brand, content, PR & influencers, performance marketing.

AI & Automation

AI agents, chatbots and workflow automation, including Hermes Agent setups for clients.

Design & Creative Studio

Identity, key visuals, photography, video and generative AI production.

100,000+ community members

19 service groups

3 working languages: VI · EN · ZH

WHY VIETNAM, WHY NOW

Vietnam is learning AI, fast.

91%

of Vietnamese workers want AI skills training.

Public First, Vietnam AI Opportunity Report 2026

~560,000

people in Vietnam's tech & digital workforce.

TopDev, Vietnam IT Market Report 2024–2025 (estimate)

Mar 1, 2026

Vietnam's Law on Artificial Intelligence takes effect.

Law No. 134/2025/QH15

2030

National AI Strategy approved, with a vision to 2045.

Decision 1671/QD-TTg, Aug 28, 2026

Global AI projects are already investing in Vietnam's builder community, with meetups, workshops and free credits in Ho Chi Minh City throughout 2026.

THE CHALLENGE

A great product isn't enough to get users.

Reaching the right people

Getting past the hype to builders and users who will actually adopt.

No Vietnamese docs yet

Quickstarts, tutorials and videos are English-only.

Different channels

Vietnam's AI crowd lives on Facebook groups and Zalo, not Discord.

No local team

Nobody on the ground to run community and answer questions.

Events with no follow-up

The meetup ends, the momentum ends. No data, no next step.

Vibe AI Labs solves all five, as one local partner.

OUR COMMUNITY

100,000+ members across 4 communities.

Run by Vibe AI Labs. The daily home of Vietnamese builders, marketers and founders who use AI at work.

TRACK RECORD

We've done this before.

Vibe AI Labs has hosted community meetups on the tools Vietnam's builders care about most.

AI Agents

Meetups on building and using AI agents in real work.

OpenClaw

Community meetups on the OpenClaw ecosystem.

Hermes Agent

Community meetups on Hermes Agent by Nous Research.

Our AI Agent Việt Nam community also covers **Muse, Dots, Grok Bot and Spark**.

WHO'S IN THE ROOM

Builders, users and decision-makers.

- **Developers & AI engineers**
- **Founders & business owners**
- **Marketers & content creators**
- **Freelancers & consultants**
- **Tech students**

Not only engineers. Our communities include the marketers and business owners who become paying users.

WHAT WE DO

Four layers, one system.

01

Community

- Spotlight in our 4 communities
- AMAs & livestreams
- Ambassador program
- A dedicated channel for your project

02

Events

- Meetups
- Hands-on workshops
- Build Days & hackathons
- Launch events & webinars

03

Content & Creative

- Vietnamese docs & video tutorials
- Key visuals & landing pages
- Recap photo & video
- PR and KOL/KOC

04

Data & Reporting

- Registration & attendance
- Activation via unique links
- Feedback surveys
- A report after every activity

EVENT FORMATS

Pick the format that fits the goal.

Meetup

SIZE
50–150

DURATION
2.5 hours

BEST FOR
Introduce your project and build awareness.

Hands-on workshop

SIZE
20–50, laptops on

DURATION
2–3 hours

BEST FOR
Attendees install and run your product themselves.

Build Day / Hackathon

SIZE
30–100

DURATION
1–2 days

BEST FOR
Real use cases, sample projects, top builders.

Launch event

SIZE
80–200

DURATION
2–3 hours

BEST FOR
Launch a product or feature in Vietnam.

Webinar · Livestream · AMA

SIZE
Online

DURATION
60–90 min

BEST FOR
Nationwide reach at low cost.

Sizes are indicative and agreed per project.

A VIBE AI MEETUP

Fewer slides, more hands-on.

18:30	Check-in & networking
19:00	Welcome from Vibe AI Labs & the partner project
19:10	What's new: the project team presents
19:30	2–3 real use cases from community builders
20:15	Hands-on: install and run a first task
20:45	Q&A and networking
21:00	Close

ATTENDEES LEAVE WITH

- A Vietnamese quickstart guide
- Trial credits, when the project sponsors them
- A place in the community after the event

Every session is livestreamed or recorded, then turned into recap content for the community.

HOW WE WORK

Six weeks, one complete cycle.

T−4 WEEKS
Brief
Goals, audience, KPIs, format, venue, speakers.

T−3 WEEKS
Build
Key visual, registration page, Vietnamese docs.

T−2 WEEKS
Promote
Campaign across our 4 communities, speakers, KOLs.

T−1 WEEK
Rehearse
Tech run-through, credits & swag, check-in.

DAY D
Run
Host, livestream, photo & video.

T+1 WEEK
Follow up
Recap, video, survey, move attendees into the community.

T+2 WEEKS
Report
Results and recommended next steps.

Our method, **Audit → Build → Automate → Grow**, applied to community.

PARTNERSHIP

Three ways to start together.

1 MONTH

Community Spotlight

Test how the community responds.

- Spotlight in our 4 communities
- 1 AMA or livestream
- Vietnamese quickstart
- Recap post
- Month-end report

RECOMMENDED START

1 EVENT

Meetup Partner

Launch and win your first users.

- Everything in Spotlight
- 1 meetup or hands-on workshop
- Quickstart + video tutorial
- Full recap: photo, video, article
- Post-event report

3–6 MONTHS

Ecosystem Partner

Build a lasting user community.

- Regular community spotlights
- Monthly meetup series + 1 Build Day
- Full Vietnamese documentation
- Ambassador program
- Dedicated, moderated channel
- Monthly reports

Add-ons: Hackathon · Video production · KOL/KOC · Chinese-language content · Side events at major conferences

Pricing: quoted by scope

MEASUREMENT & PRINCIPLES

Measured. Honest.

WHAT WE TRACK

- Registrations
- Show-up rate
- Post-event feedback
- Activation via unique links
- Content engagement
- Community growth

We commit to the process and to transparent reporting, not to guessed numbers.

Real use cases, no buzzwords

Speakers are people who actually use the product.

Honest numbers

We report real figures. Nothing inflated.

Consent-based data

Attendee data is shared only with consent, under Vietnam's personal data protection law.

Respect for your brand

Logos and product names used exactly as your guidelines require.

WHY VIBE AI LABS

Community, tech and creative, in one team.

01 **100,000+ members** across 4 communities we run ourselves.

02 **Meetups already hosted** on AI Agents, OpenClaw and Hermes Agent.

03 **We know AI from the inside** We deploy AI agents for our own clients.

04 **Creative in-house** Content, design, video and PR without extra vendors.

05 **Three languages** Vietnamese, English and Chinese.
